The Real Estate Report

Prices Continue Rising

The median prices for single-family, re-sale homes and condominiums in Santa Cruz County were up again in April, year-over-year.

In fact, the median price for condos reached a new all-time high last month. The median price for homes is within knocking distance of the all-time high of \$815,000, which was set last August.

With active listings at historic lows, we expect prices to continue rising.

There were 288 homes for sale as of May 5th. Compare that to an average of 726 homes for sale since January 2003.

Add in that we're beginning the Spring/Summer season when home sales peak, prices have no where to go but up.

THE ADVANTAGES OF OWNING REAL ESTATE IN A SINGLE-MEMBER LLC: FROM MARKETWATCH

Tax simplicity + liability protection

Single-member limited liability companies (SMLLCs) are limited liability companies (LLCs) with only one member (owner). As with a corporation, operating a business or investment activity as an LLC generally protects your personal assets from exposure to liabilities related to the activity — under applicable state law. However, SMLLCs offer some unique tax attributes that make them ideal real estate ownership vehicles. Here's the story on their advantages.

Slower Growth, Faster Inflation, Stable Rates

Apr. 28, 2017 -- Tight supplies of existing homes for sale are squeezing some buyers into the market for new homes.

In March, sales of new homes rose by 5.8 percent to a 621,000 annual rate. This was the second best figure in about 9 years' time and it wouldn't take much of an upward revision (just 1,000) to make it number one over that stretch.

Sales of new homes have been in a long-running (if notchy) uptrend since a May 2010 nadir of 280,000 (annualized) units sold. Even with nearly seven years of nearly steady gains, there remains plenty of room for growth, as even before the boom of the last decade, sales routinely ran at about 850,000+, including during the brief recession in 2001.

Despite the increase in sales, inventories of built and ready-to-sell units crept up to 268,000 during the month, some 5.2 months of supply at the current rate of sale. This is a fairly normal level and contrasts starkly with just 3.8 months of available existing inventory.

The spurt in sales engendered some higher prices, too -- after two months of lower costs year-over-year, prices in March were 7.2 percent above the cost of a new home sold in March 2016. If a potential 20% tariff

on Canadian lumber goes into effect, those costs will be passed along to consumers, and prices here will rise even further.

If the pattern of first-quarter weakness followed by faster growth in the second quarter and beyond holds true, we will likely see a decline in rates.

Eventually, warming data will begin again the drumbeat for a move at the June Fed meeting. Right now, and even with a Fed get-together next Tuesday and Wednesday, we are still in what is a "sweet spot" between the major quarterly Fed meetings, but at the bottom of it -- about six weeks past March and about six weeks before June.

With recent meetings as a guide, this is usually a place in time that has seen the lowest mortgage rates of the meeting-to-meeting period. As such, we may be at or just past this point, and may start seeing more firming than not in the weeks ahead.

30-Year Fixed Mortgage Rates

The chart above shows the National monthly average for 30-year fixed rate mortgages as compiled by HSH.com. The average includes mortgages of all sizes, including conforming, "expanded conforming," and jumbo.

Santa Cruz County Condos - Median, Average & Sales

(3-month moving average—prices in \$000's)

© 2017 rereport.com

Table Definitions

Median Price

The price at which 50% of prices were higher and 50% were lower.

Average Price

Add all prices and divide by the number of sales.

SP/LP

Sales price to list price ratio or the price paid for the property divided by the asking price.

DOI

Days of Inventory, or how many days it would take to sell all the property for sale at the current rate of sales.

Pend

Property under contract to sell that hasn't closed escrow.

Inven

Number of properties actively for sale as of the last day of the month.
