The market, while still favoring sellers, will be constrained by low inventory. A major reason for this is that boomers aren't moving. The sales tax on real estate is egregious. Plus their mortgage rates are lower than what they can get by downsizing. So, boomers are staying put.

For assistance in this market, do not hesitate to contact me. If you are thinking of selling, I can provide a free comparative market analysis. Also, if you go to my on-

line report and click on Recent Sales & Listings, you will see what has sold, what is for sale and what is pending in your neighborhood.
